EJERCICIO

Ejercicio 3

Ejercicio 4 Algoritmo

ingrese el primer valor

b

Suma $\leftarrow b + c$

resta $\leftarrow b - c$

multiplicación $b * c$

división b / c

a, suma, \n b, resta, \n c, multiplicación, \n d, división

a

F

a == a

V

a == b

V

a == c

V

La resta es: ', resta

La suma es: ', suma

la multiplicación es: multiplicación

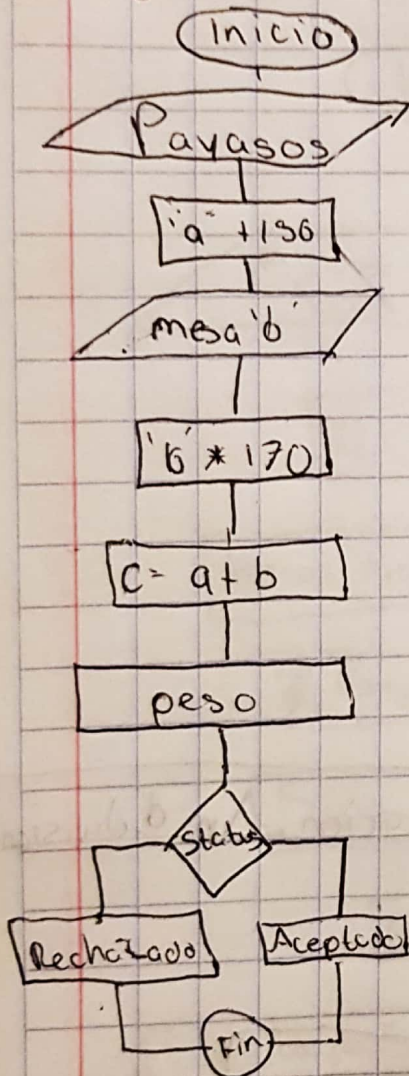

a == d

V

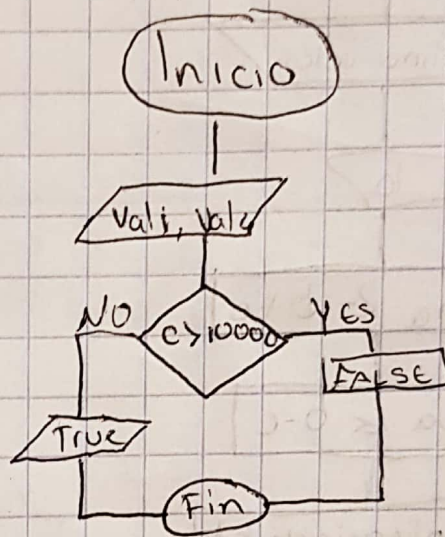

la división es: d,
